Micro and Nanofabrication User Facility

VISION

To be a flexible user facility that delivers services internally and externally with high standards in terms of quality, reliability, and efficiency while keeping financial sustainability.

MISSION

Support research groups and industries in their research in the fields of Micro and Nanofabrication.

MNFab UF

CUSTOMER FOCUS

We always act with the customer in mind. We strive for quality; we are reliable, and we earn trust.

TEAMWORK

We work as a team and give assistance when needed. We share knowledge and make positive contributions. We have fun and enjoy our work.

RESOURCEFUL

We are proactive and see things through to the end. We channel our energy and don't waste it.

Requests managed through LIMS

- Apply for license
- ← Get Training
- ✓ Become a User

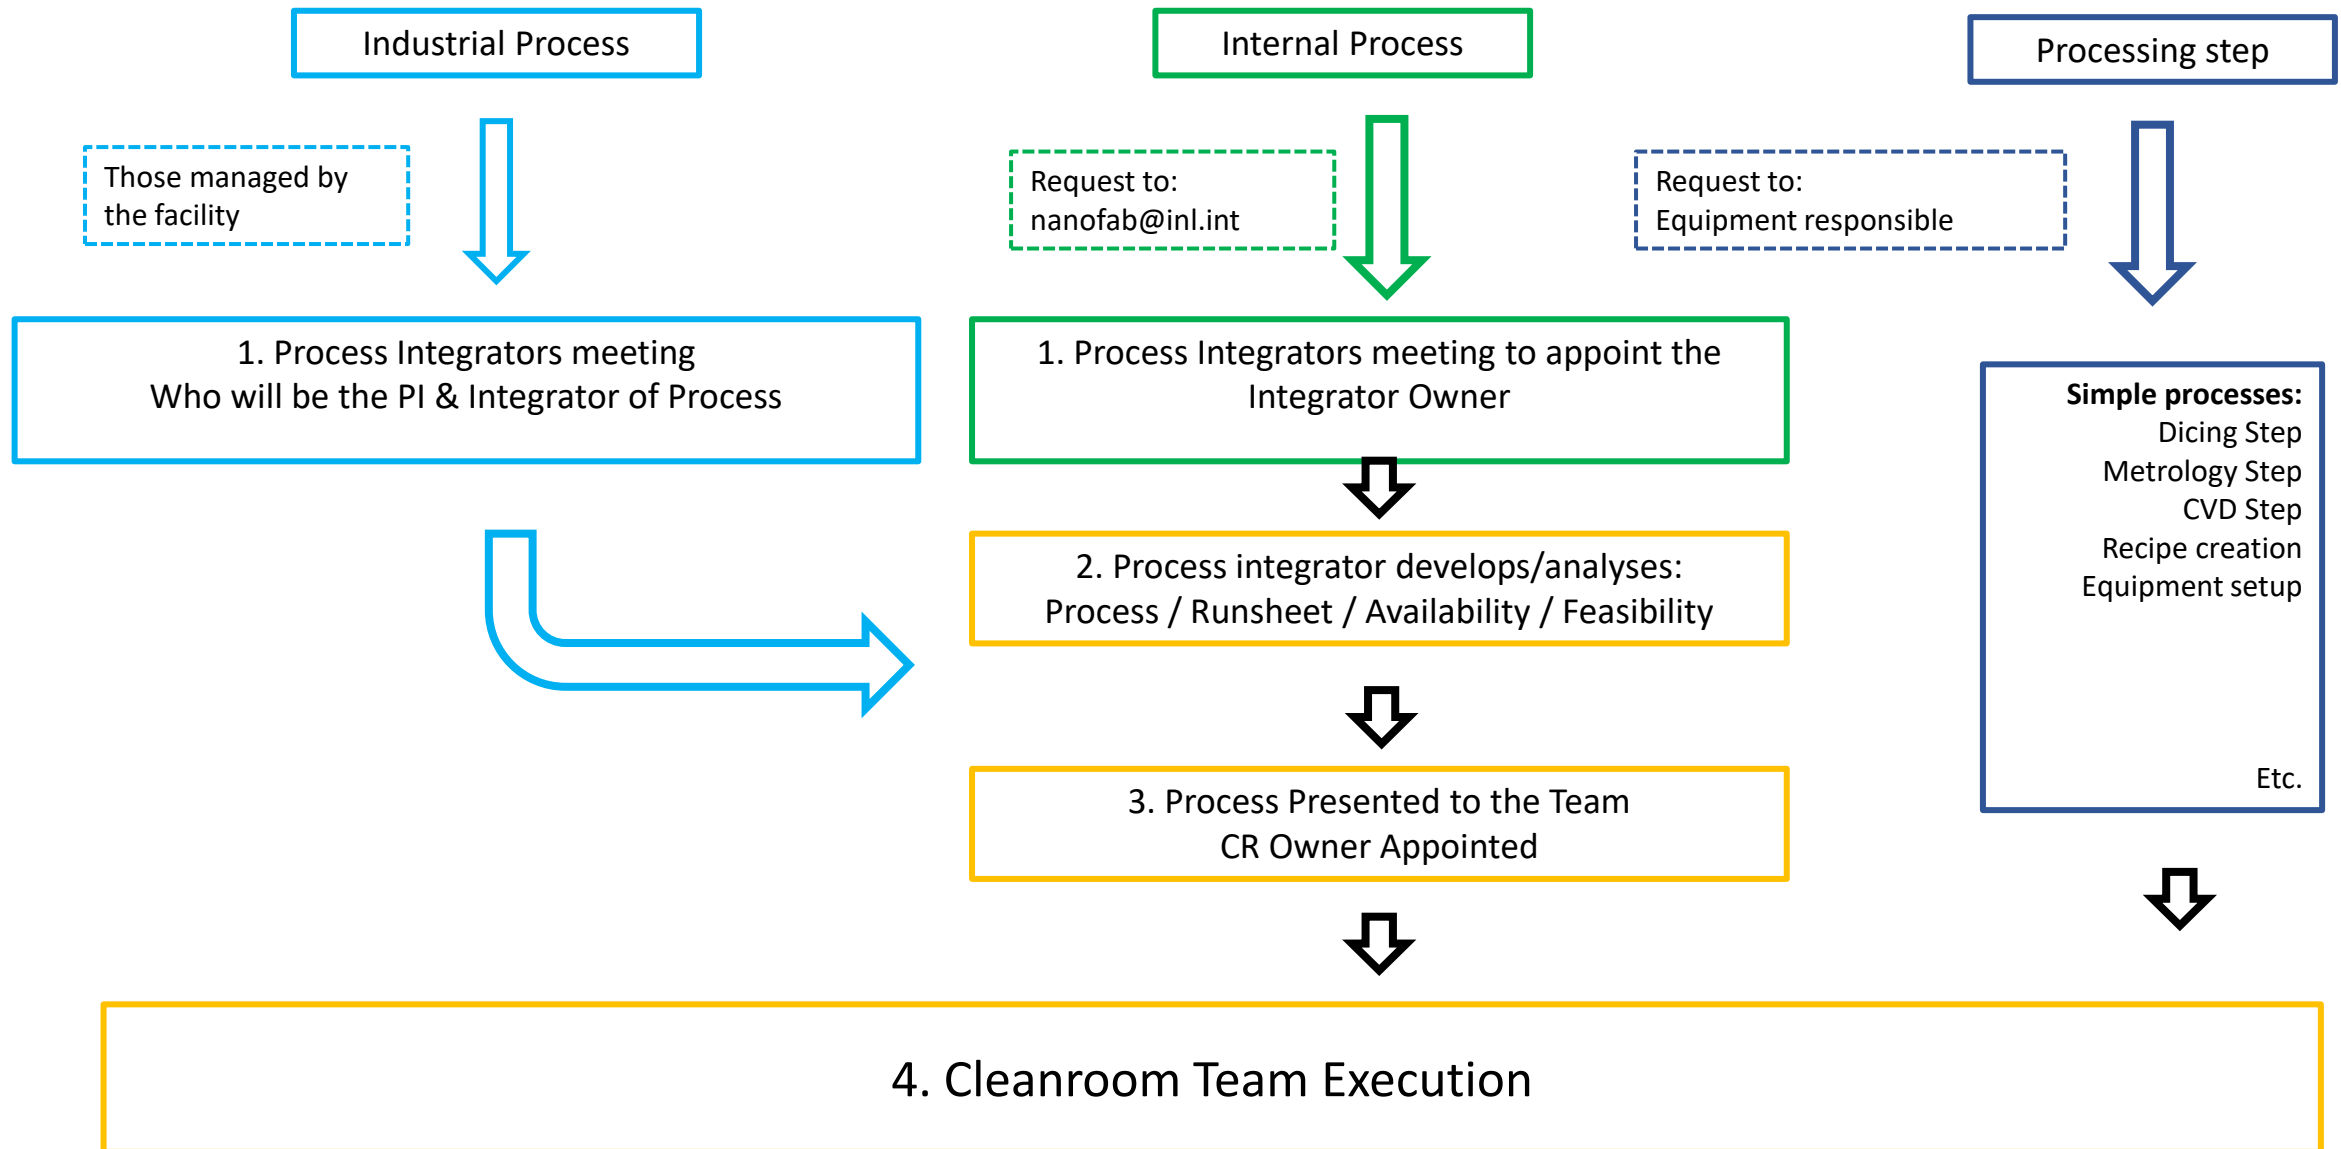

Requests managed through nanofab@inl.int

- Explain your need
- ← The team prepares a
runsheet
- ← The team calculates the
associated cost
- ✓ Process is launched

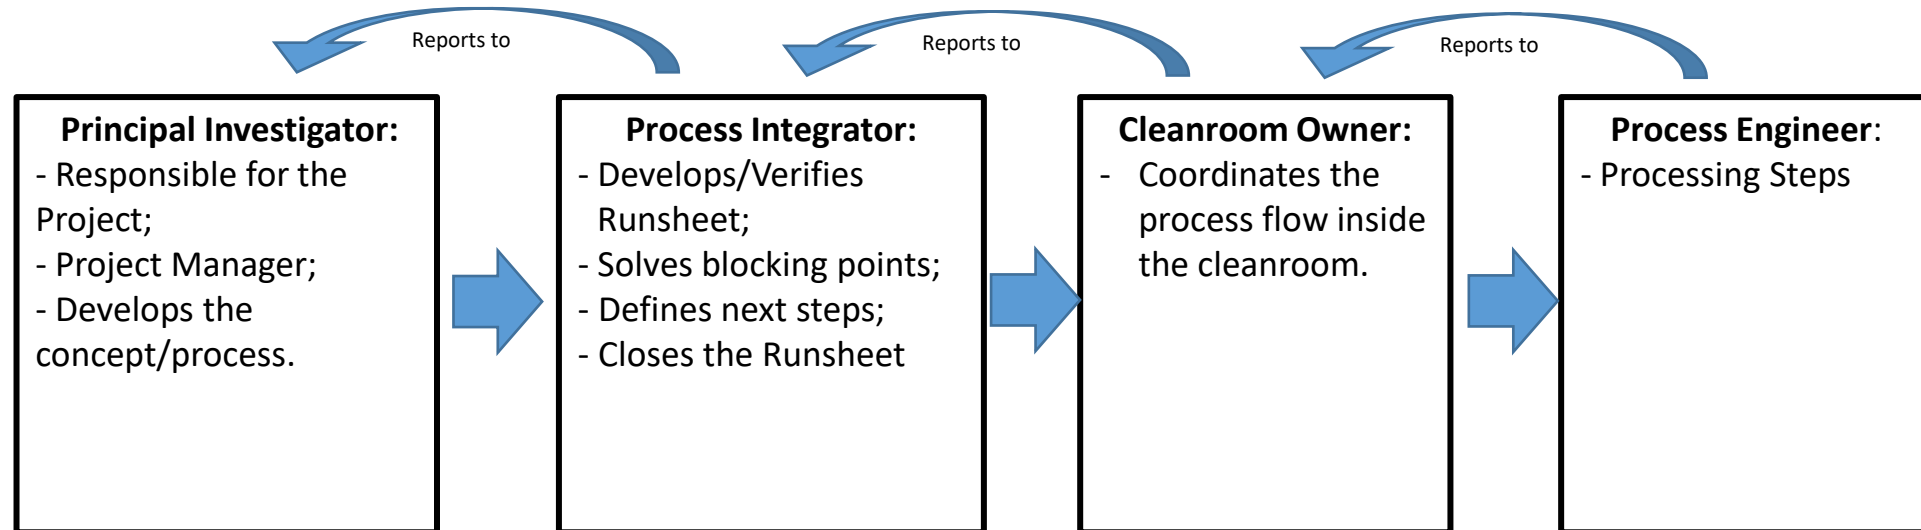

Complexity matters

It is expected to have the staff
of the facility allocated to the
project.

For full-fabrication services requested to the Facility, an Integrator Owner and a CR Owner are appointed

Cleanroom Owner reports the progress to the Process Integrator
Requests shall be submitted to nanofab@inl.int
